Ronda opened the meeting with the progress she had made concerning the breastfeeding support booth at the Pensacola Interstate Fair. She read responses to her email sent to members asking what they thought about supporting a booth. The suggestion was made to have a trial run of a booth at the Family Expo on Saturday 9/11/10. Leanne will check to see if we can do this. Members decided to go ahead and support the booth at the fair even if things did not go perfectly the first time. The committee discussed the area at the fair that would be available to us. After discussion the board members decided to try and get the area behind the 4H building. Ronda will go to the fairgrounds to discuss this with the fair representative. Patricia thinks she can arrange to go with her.

Ronda reported that we would need volunteers to cover the entire fair for 11 days from October 21-31. The members decided to cover 5 hours per night. Patricia will ask her UWF students to volunteer for slots. Each member present agreed to work on getting the following items or information:
